The Power of Dreams

With strong torque throughout the rpm range, the 4-stroke 125cc engine offers quick starts, powerful acceleration and outstanding fuel economy.

The modern cowl is the key to the sharp look. The bright halogen headlight helps keep riders and pedestrians safer at night.

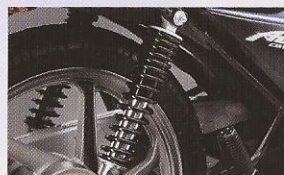

The integrated meter panel creates a sporty and luxurious space while offering excellent visibility.

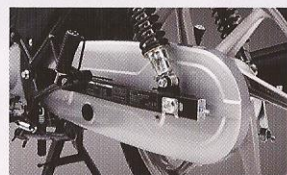

The cool styling extends from the integrated tail light to the stylish front end.

Blaze your trail with light, tough, stylish cast aluminum wheels.

The advanced suspension lets you ride in superb comfort.

The chain guard and overall build quality help keep maintenance to a minimum.

# Get performance, value and style!
